

March 1, 2010, Merchant Metrix, Inc., a Noble based Web Design and E-commerce firm, was announced as the 2009 winner of the OKC Biz Best of Business award for best IT, Web Design, and Hosting Company in the Oklahoma City area.

The Best of Business awards are voted on yearly by the readers of the OKC Biz magazine in a wide array of categories. This marks the second year in a row that Merchant Metrix, Inc. has won for the IT, Web Design, and Hosting Company category.

"It's been another wonderful year for Merchant Metrix and the residents of the Oklahoma City area are fantastic and a pleasure to do business with. We take pride in our ability to successfully place our clients on the first page of the search results with every site that we build. There's no point in giving someone a site that's not going to bring them search engine traffic and increase their business and sales," said Sheridan Broderick, Creative Director at Merchant Metrix, Inc.

Merchant Metrix, Inc. is an Internet Marketing company that focuses on getting their clients to the first page in the organic search results in search engines such as Google, Yahoo, and Bing, by designing and developing search engine friendly Websites and Ecommerce retail shops.
